Description of Content

EDIC/A Series - Agenda for Meetings

EDIC/M Series - Minutes of Meetings

EDIC/AM Series - Administrative Memoranda which outline procedural or administrative problems and which rarely convey substantive intelligence.

EDIC/WP Series - successive drafts of substantive intelligence studies, circulated to member agencies for review, comment, correction and/or addition of supplemental intelligence.

EDIC/R Series - intelligence documents in the form of final reports which the EDIC has approved as such with the consent of the originating agency or agencies.

EDIC/ID Series - "spot" intelligence contributions from member agencies, reproduced and furnished to the EDIC-ACRP structure as a service facility.

EDIC/IR Series - an "intelligence request", submitted by member agencies for EDIC consideration, outlining subject matter, proposed use of intelligence requested, background and references relevant to the request, and specific information and/or EDIC action desired.

**EDIC Cases** - translation of intelligence request (IR) into approved EDIC project; differs from IR in that the Case assigns production and/or action responsibilities.
